## PARIS COLLECTION

Why is Paris the fashion hub of the world today? Simply because, despite the decrease in the number of couture houses, little has changed. Haique retains the same spark of Paris in its products. Inspired by the city's avant-garde fashion houses, we have set the global benchmark for designs. We are developing designer slabs inspired by the city's high-end fashion houses. We have tried to retain the city fashion in our slabs by incorporating its trendy and timeless designs.
